Cost of Greenlee County case transferred to Tucson.....476.95

An accountant has been employed by the county on two occasions in last year, at a total expense of \$356.70 to audit the county books. I find that in June, 1912 an act of the legislature created the office of State Examiner, upon whom this same duty devolves, therefore rendering the employment of a county auditor an unnecessary procedure.

ROAD EXPENDITURES IN THE MONTH OF FEBRUARY, 1914.

By Road Superintendent:	
On the Clifton and Morenci road.....	\$ 257.25
Clifton and Metcalf road.....	159.90
Coronado Trail.....	20.00
Duncan and Valley roads.....	78.50

By the Board of Supervisors:

Second payment, graveling Duncan-Richmond road.....	730.76
Balance of first payment on Metcalf road.....	300.00
Extra work on Metcalf road contract.....	769.44
	\$12,339.06

The above Warrants by the Board were issued on February 16th and March 2nd.

Two retaining walls were built by the road Superintendent this month on the Morenci road, the cost being about \$150. A pipe line on the Metcalf road at the Rock House Dairy, which was torn out by the contractors of that road, was replaced with a new line costing over \$100, which the county paid. Why were not the contractors required to pay for this?

COMPARISON OF EXPENDITURES IN MONTH OF FEBRUARY.

This Year	Last Year
Salaries for the month.....	\$5,164.01
Expenses for the month.....	2,502.73
Road Maintenance.....	533.65
Road Construction.....	12,339.06
	\$20,539.45

The building of new roads in the county accounts for the increased expenditures in this month over that of a year ago.

The salaries paid in the county are about \$300 per month greater than a year ago, and additions are being made with frequency. It is to be noticed that the Expense Warrants of February a year ago are more than double those of this year. This is due in great measure to the paying from this fund of the \$2,495.50 on the Duncan Bridge last year, which is alluded to previously in this report.

CANADA AT THE PANAMA-PACIFIC INTERNATIONAL EXPOSITION, SAN FRANCISCO, 1915.

PLANS for the Canadian building at the Panama-Pacific International Exposition at San Francisco in 1915 have been approved, and the work on the great structure has started.

The Canadian Palace, as it is officially named, will be one of the largest and most imposing of the foreign buildings, having a length of 340 feet, a width of 240 feet and a height of 50 feet, and will cost in the neighborhood of \$300,000. It will be the largest building ever erected by Canada at an international exposition, covering 66,000 square feet, and will house one of the most elaborate and comprehensive exhibits of the Dominion's resources and products ever shown on foreign soil. Six hundred thousand dollars has already been voted by the Canadian parliament for the building and exhibits, but a further grant, bringing the appropriation up to \$1,000,000, will be recommended.
